

Final Test Preparation Questions for Obtaining CMTVDE

1 - The most important aspect to achieve success when trying to establish communication is:

a) Ask questions to clarify the other person's point of view.	
b) Be receptive to the other person's content and emotions.	
c) Listen to understand.	
d) Always show agreement.	

2 - Although there are several communication styles, we should preferably use:

a) Passive.	
b) Aggressive.	
c) Assertive.	

3 - The internal barrier to communication is related to:

a) Misinterpretation of words.	
b) Time pressure.	
c) Disinterest and lack of motivation.	
d) Answers a) and c) are correct.	

4 - The skills required to perform the role of driver are:

a) Merely technical.	
b) Organizational and technical.	
c) Organizational, relational and technical.	

5 - The image of a driver is formed in 30 seconds, with greater importance being given to:

a) Communication.	
b) Appearance.	
c) Knowledge.	

Final Test Preparation Questions for Obtaining CMTVDE

6 - What characteristics define a good leader?

a) Be able to present a vision that others want to achieve.	
b) Be ambitious, charismatic, confident, independent and responsible.	
c) Be able to satisfy personal and group needs.	

7 - What is meant by interpersonal communication?

a) Communication method that promotes the exchange of information between two or more people.	
b) Communication method carried out by only one participant.	
c) Inactive and discontinuous information exchange activity.	

8 - The communication process provides for the minimum existence of:

a) An issuer.	
b) A receiver.	
c) A sender and a receiver.	

9 - What is meant by noise during the communication process?

a) Something that interferes with the message sent, but does not change its meaning.	
b) Something that interferes with the message sent by blocking and altering its meaning.	
c) Something that interferes with the sent message that blocks it but does not change its meaning.	

10 - Internal barriers to communication include:

a) Social, cultural, sexual differences, judgments and assumptions.	
b) Only social, cultural and sexual differences.	
c) Only social and cultural differences.	

11 - External barriers to communication are understood as:

a) The trials.	
b) Nonverbal signals and time pressures.	
c) Social and cultural differences.	

Final Test Preparation Questions for Obtaining CMTVDE

12 - Interpersonal relationships are classified into the following styles:

a) Assertive, passive, manipulative and aggressive.	
b) Assertive and aggressive.	
c) Passive and active.	

13 - An individual with an assertive style is a person who:

a) Always agree with others.	
b) Defends its own interests.	
c) Values oneself at the expense of others.	

14 - People who establish assertive communication are characterized by:

a) Express your opinion, always respecting the opinion of others.	
b) Have a good sense of humor.	
c) Passively accept everything that is transmitted to you.	
d) Does not accept any point of view.	

15 - Pedestrians and cyclists are considered vulnerable users of public roads.

a) Right.	
b) Wrong.	

16 - Children, the elderly, pregnant women and people with reduced mobility are considered vulnerable users of public roads.

a) Right.	
b) Wrong.	

17 - Can a driver hold more than one Community model driving licence?

a) Yes.	
b) You can't.	

Final Test Preparation Questions for Obtaining CMTVDE

18 - Vehicles must park on the right-hand side of the road:

a) Keeping a sufficient distance from the verges or sidewalks to avoid accidents.	
b) It is not necessary to maintain any distance from the verges or sidewalks.	
c) Keeping only a distance from the sidewalks that allows accidents to be avoided.	

19 - At roundabouts, drivers must behave as follows:

a) If you intend to leave the roundabout in the first exit lane, you must take the right-hand lane.	
b) If you wish to exit the roundabout in the first exit lane, you can take either lane.	
c) If you wish to leave the roundabout in the first exit lane, you can take either of the two lanes on the far right.	

20 - Whenever there are two or more lanes of traffic in the same direction, the driver must use the rightmost lane:

a) You can use another one if there is no space in that one and only to change direction.	
b) You can use another one if there is no space in that one and also to overtake or change direction.	
c) You can use another one if there is no space in that one and only to overtake.	

21 - Can bicycles ride on the verges?

a) Yes, as long as they do not endanger or disturb pedestrians walking on them.	
b) No, bicycles can never ride on the verges.	
c) Yes, bicycles can ride on the verges without any problems.	

22 - Can bicycles ride on the sidewalks?

a) No. Bicycles may never ride on sidewalks.	
b) Yes, if they are driven by children up to 10 years old, as long as they do not endanger or disturb pedestrians.	

23 - The driver must regulate the speed:

a) Taking into account only the characteristics and condition of the vehicle.	
b) Taking into account the presence of vulnerable users.	
c) Only serving the transported cargo.	

Final Test Preparation Questions for Obtaining CMTVDE

24 - The driver must regulate the speed:

a) Given the presence of vulnerable users	
b) Considering only the intensity of traffic.	
c) Only covering the load transported in the vehicle.	

25 - Speed must be especially moderate:

a) Only on steep descents.	
b) Only on bridges, tunnels and level crossings.	
c) In coexistence zones.	

26 - Speed must be especially moderate:

a) Approaching vulnerable users.	
b) Only on steep descents.	
c) Only in places with high traffic intensity.	

27 - Within towns, in coexistence zones, light passenger vehicles without trailers:

a) They cannot exceed the speed of 30 km/h.	
b) They cannot exceed the speed of 20 km/h.	
c) They cannot exceed the speed of 50 km/h.	

28 - TVDE drivers must give way to bicycles:

a) That they cross the roadway at the marked crossings.	
b) Leaving a parking lot.	
c) Enter a roundabout.	

29 - The TVDE driver must give way to a vehicle leaving a parking lot.

a) Right.	
b) Wrong.	

Final Test Preparation Questions for Obtaining CMTVDE

30 - When carrying out an overtaking maneuver on a bicycle, the TVDE driver:

a) You must keep a minimum lateral distance of 1.5 m and reduce your speed.	
b) You do not need to take any precautions.	
c) Must maintain a minimum lateral distance of 2.5 meters.	

31 - If there is more than one lane of traffic in the same direction, when carrying out an overtaking maneuver, the TVDE driver:

a) You must occupy the lane to the left of the vehicle being overtaken.	
b) You may occupy any of the lanes to the left of the overtaken vehicle.	

32 - Overtaking is prohibited:

a) Only marked crossings for pedestrians.	
b) Immediately before and at crossings marked for pedestrians and cyclists.	
c) Only on hills.	

33 - In coexistence areas shared by pedestrians and vehicles:

a) There are no signs or special traffic rules.	
b) There are special traffic rules.	

34 - The vehicle's running position must be:

a) On the right side of the roadway.	
b) On the left side of the roadway.	

35 - The vehicle's running position must be:

a) On the left side of the roadway.	
b) At a sufficient distance from the verges or sidewalks to avoid accidents.	
c) As close as possible to the verges or sidewalks.	

Final Test Preparation Questions for Obtaining CMTVDE

36 - The driver, to speak on the telephone:

a) You must use your left hand.	
b) You must use your right hand.	
c) You must install a microphone with a speakerphone system, the use of which does not involve continuous handling.	

37 - Anyone who removes the load must wear a reflective vest if the vehicle is immobilized in the lane.

a) Right.	
b) Wrong.	

38 - Vehicles with faulty lights are permitted to circulate, provided that they have: a)

The left-hand dipped beam headlight, together with two side lights at the rear, the left-hand side indicator and one of the brake lights, when mandatory.	
b) The right-hand dipped beam, together with two side lights and at the rear, the left-hand side indicator and one of the brake lights, when mandatory.	
c) The right-hand dipped beam, together with one of the side lights and at the rear, the left-hand side indicator and one of the brake lights, when mandatory.	

39 - Legally, driving under the influence of alcohol is considered when the driver presents:

a) A blood alcohol level of less than 0.5 g/l.	
b) A blood alcohol level of 0.3 g/l.	
c) A blood alcohol level equal to or greater than 0.5 g/l.	

40 - Can children under 12 years of age and less than 135 cm tall be transported in a car using only a seat belt?

a) Yes, they can, without any restrictions.	
b) No. Children can be transported but using an approved restraint system adapted to their size.	

41 - At what age and height can children be transported in a car with an approved restraint system adapted to their size?

a) Children under 12 years of age and less than 135 cm tall.	
b) Children under 12 years of age and less than 150 cm tall.	
c) There are no defined ages or heights.	

Final Test Preparation Questions for Obtaining CMTVDE

42 - The driver of a light vehicle, aged 20, is considered to be under the influence of alcohol when he/she has an alcohol level per litre of blood equal to or greater than:

a) 0.2 g/l of blood.	
b) 0.3 g/l of blood.	
c) 0.5 g/l of blood.	

43 - The driver of a public passenger transport vehicle (TVDE) is considered to be under the influence of alcohol when he/she has an alcohol level per litre of blood equal to or greater than:

a) 0.2 g/l of blood.	
b) 0.3 g/l of blood.	
c) 0.5 g/l of blood.	

44 - The driver of a TVDE commits a serious offence by driving with an alcohol level per litre of blood of:

a) 0.7 g/l of blood.	
b) 0.4 g/l of blood.	
c) 0.2 g/l of blood.	

45 - The driver of a TVDE who drives with a blood alcohol level of 1.3 g/l, practices:

a) A serious infraction	
b) A very serious offense.	
c) A traffic crime.	

46 - Drivers who refuse to undergo tests to "detect the state of being under the influence of alcohol" but continue to drive, will be punished:

a) For the crime of qualified disobedience and they are prevented from driving.	
b) They commit a very serious offence, but they can continue to drive.	

47 - The following must undergo tests to "detect the state of being under the influence" of alcohol:

a) All drivers, pedestrians and people who intend to start driving.	
b) Only drivers and pedestrians.	
c) Only drivers and pedestrians involved in traffic accidents.	

Final Test Preparation Questions for Obtaining CMTVDE

48 - Anyone who presents a positive result in the alcohol test is prohibited from driving for the period of:

a) 10 hours.	
b) 12 hours.	
c) 14 hours.	

49 - Anyone who presents a positive result in the alcohol test can drive after 10 hours.

a) Right	
b) Wrong.	

50 - Anyone who presents a positive result in the alcohol test can drive after 14 hours.

a) Right.	
b) Wrong.	

51 - If the blood alcohol test result is positive, the driver may request a counter-test in exhaled air or blood. The choice of the method to be used is made:

a) By the supervisory entity.	
b) By the driver himself.	

52 - If the counter-test confirms a blood alcohol level above the legal limit, who will pay for the costs of this test?

a) The supervisory entity that carried it out.	
b) The hospital, in the case of a blood test.	
c) The driver who requested it.	
d) The Institute of Mobility and Transport.	

53- If the result of the counter-test for alcohol in the blood shows a different result from the first alcohol test, which one prevails?

a) The result of the counter-test prevails over that of the initial examination.	
b) The result of the initial examination prevails over the result of the counter-examination.	
c) None and the driver must undergo a new research examination to break the tie.	

Final Test Preparation Questions for Obtaining CMTVDE

54 - When the inspection entity suspects the use of means likely to alter the result of the exhaled air test, it may:

a) Order the driver to undergo a medical examination.	
b) Order the driver to undergo a blood test.	

55 - Drinking alcoholic beverages:

a) Makes the driver more aware of the danger.	
b) Increases the driver's attention.	
c) It reduces the driver's reaction capacity.	

56 - What is the influence of drinking alcohol on driving?

a) Increases reaction capacity.	
b) Reduces the physical resistance of the conductor.	
c) Increases the driver's reflexes.	

57 - A driver with a blood alcohol level of:

a) Less than 0.2 g/l.	
b) Equal to or greater than 0.5 g/l.	

58 - Are there any medications that can impair an individual's performance behind the wheel?

a) yes.	
b) Yes, but only if consumed with alcoholic beverages.	
c) Yes, but only if they are soporific.	

59 - The driver who intends to leave the roundabout in the first exit lane and is not correctly positioned in that lane:

a) It is punishable by a fine.	
b) No fine is applied.	

Final Test Preparation Questions for Obtaining CMTVDE

60 - In addition to the speed factor, the braking distance may increase if:

a) The vehicle does not travel on the highway.	
b) The floor is dry.	
c) The vehicle is not loaded.	
d) The floor is wet.	

61 - The speed of a vehicle must depend on:

a) Only the intensity of traffic.	
b) The condition of the road and the vehicle, the intensity of traffic and the load transported.	
c) Only the condition of the road.	

62 - When driving, the following offence is considered very serious:

a) The use of high beams in a way that causes glare.	
b) Stopping or parking on the side of motorways or similar roads.	
c) The movement of vehicles in the opposite direction to that established.	

63 - At a properly signposted roundabout, priority has to be given to vehicles that:

a) They circulate in the roundabout.	
b) Enter the roundabout.	
c) Leave the roundabout.	

64 - A driver who commits a misdemeanor after having been convicted of another misdemeanor under the same legal instrument or its regulations, also sanctioned with an accessory sanction, committed less than:

a) 5 years.	
b) 3 years.	
c) 2 years.	

Final Test Preparation Questions for Obtaining CMTVDE

65 - Under current legislation, driving with a blood alcohol level equal to or greater than:

a) 0.40 g/l	
b) 0.80 g/l	
c) 1.20 g/l	

66 - One of the effects of alcohol on the driver is the increase:

a) The capacity to react.	
b) Reaction time.	

67 - Driving with a blood alcohol level equal to or greater than 1.20 g/l is considered:

a) A serious misdemeanor.	
b) A criminal offense.	
c) A qualified disobedience.	

68 - An ecological driver:

a) Shift down to lower gears to reduce engine speed.	
b) Disengage the vehicle on steep descents.	
c) Drive at a more constant speed, avoiding sudden acceleration and braking.	

69 - The driver of a vehicle may cross a level crossing:

a) After ensuring that the intensity of traffic does not require the vehicle to stop at the level crossing, even if the signs allow it to cross.	
b) After verifying that, despite the approach of a train, you still have enough time to cross the passage.	
c) After checking that the protective equipment is not crossing the public road, although the intensity of traffic may lead to having to stop at the level crossing.	

Final Test Preparation Questions for Obtaining CMTVDE

70 - A TVDE driver who has a blood alcohol level equal to or greater than:

a) 1.2 g/l.	
b) 0.8 g/l.	
c) 0.2 g/l.	
d) All answers are correct.	

71 - If you need to use your mobile phone, you must:

a) Reduce speed.	
b) Move to the right-hand lane.	
c) Park the vehicle properly.	

72 - The constant yellow light of the traffic light precedes the light:

a) Red.	
b) Green.	
c) Flashing yellow.	

73 - As a general rule, in a locality the maximum permitted speed is:

a) 60 km/h.	
b) 50 km/h.	
c) 40km/h.	

74 - At what distance must the hazard warning triangle be clearly visible?

a) At least 150 meters away.	
b) At least 100 meters away.	
c) At least 50 meters away.	

Final Test Preparation Questions for Obtaining CMTVDE

75 - One of the ways to practice more ecological driving is:

a) Check tire pressure regularly.	
b) Do not drive with unnecessary weight in the vehicle.	
c) Driving with the vehicle disengaged on steep descents.	
d) Statements a) and b) are correct.	

76 - The driver contributes to greater protection of the environment:

a) Using the air conditioning only when necessary.	
b) Always using the highest possible gear ratio, regardless of the speed at which you are traveling.	
c) Using accessories that increase the vehicle's aerodynamic resistance.	

77 - What are the benefits of widespread eco-driving?

a) It contributes to the increase in greenhouse gas emissions to the global cooling of the atmosphere.	
b) It leads to a significant increase in the number of vehicles in circulation.	
c) Contributes to the increased use of renewable energy in road transport.	

78 - A driver who presents a positive result in a breath alcohol test, using a device approved for this purpose, is prohibited from driving for the period of:

a) 6 hours.	
b) 8 hours.	
c) 12 hours.	

79 - An eco-friendly driver must:

a) Avoid putting too much luggage in the trunk.	
b) Avoid driving vehicles with hybrid engines.	
c) Avoid using the vehicle's air conditioning, especially on short journeys.	
d) Statements A: a) and A: c) are correct.	

Final Test Preparation Questions for Obtaining CMTVDE

80 - A 10% increase in speed can cause a 15% increase in fuel consumption.

a) The statement is true.	
b) The statement is false.	

81 - Eco-driving is an efficient, less polluting and safer way of driving.

a) The statement is true.	
b) The statement is false.	

82 - What are the advantages of eco-driving?

a) It contributes to reducing the level of carbon dioxide in the atmosphere and other greenhouse gases.	
b) Increases the comfort of vehicle occupants.	
c) Contributes to less noise pollution.	
d) All of the above statements are true.	

83 - The practice of eco-driving contributes to:

a) Optimizing fuel consumption and reducing environmental pollution.	
b) The increase in road accidents, although this may cause traffic congestion.	
c) Better planning of journeys to avoid traffic jams.	
d) Statements a) and c) are correct.	

84 - A driver is driving ecologically if, when driving at a certain speed:

a) Use a constant engine speed, shifting into the gear appropriate to this speed.	
b) Use a high engine speed, shifting into lower gears.	
c) Use a low engine speed, shifting into higher gears.	

Final Test Preparation Questions for Obtaining CMTVDE

85 - How should the driver proceed on steep descents?

a) You must put the vehicle in neutral, in order to keep the engine free.	
b) Keep the vehicle in a compatible gear, helping with braking with the engine.	
c) None of the statements are correct.	

86 - Does eco-driving also contribute to reducing road accidents?

a) Yes, it contributes.	
b) No, it only contributes to reducing fuel consumption and environmental pollution.	
c) No, it only contributes to reducing greenhouse gas emissions.	

87 - What is the average consumption of a vehicle?

a) It is the final volume consumed, in liters, after traveling a certain distance.	
b) It is the volume of fuel, in liters, divided by the distance traveled, in km.	
c) It is the measure of consumption at a given moment in time.	

88 - What is the tachometer for?

a) To control the engine speed.	
b) To indicate the vehicle's engine speed.	
c) Both statements are true.	

89 - Does correct tire pressure contribute to more economical driving?

a) Yes, it contributes.	
b) No, it only contributes to better vehicle stability.	
c) No, it only contributes to the maintenance of the vehicle's suspension system.	

Final Test Preparation Questions for Obtaining CMTVDE

90 - "Defensive driving" means:

a) Do not overtake on roads with two lanes of traffic.	
b) Drive in a way that prevents, avoids and does not cause accidents, regardless of the traffic, road, vehicle and weather conditions and regardless of the behavior of other road users.	
c) Perform constant braking.	

91 - The vehicle must be seized in an inspection action, whenever:

a) The rules relating to noise pollution of the ground and air are not respected.	
b) Civil liability insurance has not been taken out in accordance with the law.	
c) If there is suspicion of fraudulent tampering with the vehicle identification document.	

92 - Road safety depends on:

a) Exclusively from the signage.	
b) Solely the user's behavior, as a pedestrian.	
c) The balance that must exist between various elements that form part of the circulation system.	

93 - The accident continues to have as its main cause:

a) Poor signage of works on public roads.	
b) Human error, due to failure to adapt to road conditions.	
c) Speed limits imposed when there are road works.	

94 - Each driver's assessment of a situation depends largely on their driving experience.

a) Right.	
b) Wrong.	

95 - If you increase your speed, the safety distance must:

a) Increase.	
b) Decrease.	
c) Keep.	

Final Test Preparation Questions for Obtaining CMTVDE

96 - Braking distance varies with:

a) Atmospheric conditions.	
b) The width of the road.	
c) The vertical signage existing on site.	

97 - Driving in the rain results in:

a) Increased grip on the floor.	
b) Reducing the stopping distance.	
c) Reduction of visibility.	

98 - Driving under the influence of alcohol causes the driver to:

a) Increased reaction time.	
b) Decreased reaction time.	
c) The increase in your reflexes.	

99 - The ability to predict and anticipate as a defensive driver increases:

a) With age.	
b) With driving experience.	

100 - Of the following factors, which do you consider most important in preventing road accidents?

a) Have a new car.	
b) Obtain a driving license at an advanced age.	
c) Practice defensive driving.	

101 - If the speed increases, the safety distance:

a) It does not change.	
b) It must be smaller.	
c) It must also increase.	

Final Test Preparation Questions for Obtaining CMTVDE

102 - One of the effects of fatigue when driving is a decrease in:

a) The speed of reflexes.	
b) Reaction time.	
c) Stopping distance.	

103 - On a long journey, to avoid fatigue, it is advisable to:

a) Smoking and listening to very loud music.	
b) Stop, get out of the vehicle and rest.	
c) Increase speed.	

104 - On a long journey, it is advisable for the driver to rest:

a) Only every 5 hours.	
b) Every 2 hours.	
c) Only after having traveled the first 500 km/h.	

105 - As a general rule, a distracted driver has:

a) A shorter reaction time.	
b) A longer reaction time.	
c) The same reaction time as any other driver.	

106 - Drinking alcoholic beverages:

a) Decreases the visual field.	
b) Widens the visual field.	
c) Does not affect the visual field.	

107 - After drinking alcoholic beverages, the obstacles that the driver sees in front of him on the public road appear to him:

a) Closer.	
b) Further away.	
c) At the actual distance.	

Final Test Preparation Questions for Obtaining CMTVDE

108 - Of the following fuels, which is the least polluting?

a) Unleaded gasoline.	
b) Gas.	
c) Leaded gasoline.	

109 - As a general rule, the obligation to insure the vehicle falls on:

a) The owner.	
b) The seller.	
c) The buyer.	
d) Institute of Mobility and Transport.	

110 - If the driver is involved in a road accident, he/she must identify himself/herself:

a) Only to law enforcement officers.	
b) Only if there are injuries.	
c) To those involved in the accident and to the authorities.	

111 - In the event of an accident, is it mandatory to identify the driver?

a) No, never.	
b) Only the identification of the vehicle owner is mandatory.	
c) Yes, as well as the identification of the vehicle owner.	

112 - The driver involved in an accident must provide the other parties involved with the identification of his Insurance Company and the policy number:

a) Right.	
b) Wrong.	

Final Test Preparation Questions for Obtaining CMTVDE

113 - In a traffic accident in which the driver is at fault, the following shall be liable for any damage caused by the vehicle:

a) Only the driver.	
b) The driver and the owner of the vehicle jointly and severally liable if the driver is not the owner himself.	
c) Only the insurance company to which the vehicle owner has transferred his liability.	

114 - The repair of damages caused by an unknown responsible party or party exempt from the insurance obligation or by a responsible party who fails to comply with the obligation to have motor vehicle civil liability insurance is guaranteed by:

a) Automobile Guarantee Fund.	
b) Portuguese Green Card Office.	
c) Insurance Institute of Portugal.	

115 - Mandatory automobile civil liability insurance:

a) It is always transferred with the sale of the insured vehicle.	
b) It is only transferred when the seller gives his consent.	
c) It is not transferred with the sale of the vehicle.	

116 - In a road accident in which the driver, employed by a TVDE operator, is at fault for the damage caused by the vehicle to another person, he/she is liable:

a) Only the driver.	
b) The driver, the TVDE operator and the insurance company are jointly and severally liable.	
c) Only the insurance company.	

117 - Mandatory motor vehicle liability insurance guarantees the compensation due:

a) Only for damage caused to vehicles.	
b) For personal and/or material damages caused to third parties.	
c) Only for personal damages caused to third parties.	

Final Test Preparation Questions for Obtaining CMTVDE

118 - If the vehicle in TVDE is equipped with the safety system designated as a "separator", the driver may:

a) Place the luggage on the front seat.	
b) Carry only two passengers.	
c) Refusing to transport passengers in the seat or seats in front.	

119 - When providing a service, when the customer enters and sits in the seat behind the driver, what precautions should the driver take:

a) Maintain eye contact with the customer, through the rearview mirror.	
b) Provide the service without worrying about the customer.	
c) Show distrust towards the customer.	
d) Not being careful.	

120 - In the event of a breakdown or accident, so that the presence of the vehicle on the road does not pose a danger to other road users, the driver must:

a) Place the warning triangle on the pavement, at a distance of 20 meters from the vehicle so that it is visible from 50 meters.	
b) Place the pre-signalling triangle on the pavement, at a distance of at least 30 metres from the rear of the vehicle or load to be signalled, ensuring that it is visible from at least 100 metres away, with special attention being paid in places with reduced visibility.	

121 - After a robbery, the driver must:

a) Contact the police and provide all possible references for the assailants.	
b) Talk to colleagues about what happened.	
c) Give up contacting the police because the robbery has already taken place.	

122 - While transporting a customer, the driver may be constantly talking on the cell phone, ignoring the customer if he asks him a question.

a) Right.	
b) Wrong.	

Final Test Preparation Questions for Obtaining CMTVDE

123 - With a customer inside the vehicle, the driver can eat a sandwich, as it is already past his usual lunch time.

a) Right.	
b) Wrong.	

124 - If a customer forgets something inside the vehicle:

a) The driver must hand over the forgotten object to the police as quickly as possible.	
b) The driver may keep the object left inside his vehicle.	

125 - The driver should not be concerned about the exterior cleanliness of the vehicle.

a) The driver only has to worry about the cleanliness of the vehicle's interior.	
b) The driver must take care to keep the vehicle clean on the outside and inside.	

126 - The TVDE driver must not leave the vehicle to help a customer with reduced mobility.

a) Right.	
b) Wrong.	

127 - To treat a first-degree burn, you must:

a) Apply running water until there is little or no pain.	
b) Apply a good amount of cream.	
c) Clean the area with hot water and soap.	

128 - When calling 112, what should be mentioned?

a) Who, what and where.	
b) Where, what and why.	
c) Why, when and where.	

Final Test Preparation Questions for Obtaining CMTVDE

129 - In the event of an accident and for your own safety, you must:

a) Act calmly and confidently according to your knowledge.	
b) Call 112 only after having very concrete information about the severity of the accident.	
c) Act immediately, even if you are unaware of the situation of the injured.	

130 - If you identify that there is an accident with victims, what number should you call to ask for help?

a) 112.	
b) 113.	
c) 115.	

131 - Following an accident, if there is an injured person who is bleeding heavily, what should I do before calling 112?

a) Panic.
